Materiale Scafo	Vetroresina
Forma dello scafo	Catamarano

DESCRIZIONE

2018 Lagoon 450 F

The 2018 Lagoon 450F "FreeWill" has been impeccably maintained and very lightly used by her owners.

She features upgraded 57 HP Yanmar Engines, a generous sail inventory with a large squared topped mainsail, genoa, screecher and code zero. 5.0 KW Mase Generator with 48,000 BTUs of Aircon throughout the Salon and Cabins along with fans.

Amberina is plenty of accessories, self sufficient for staying long period on the sea since a water maker and solar panel give water and energy enough.

The Cockpit floor and stairs are fully covered of high quality of teak.

Manufacturer Provided Description

Replacing a catamaran that has come to be seen as a benchmark is no easy task. But the VPLP architects, in partnership with Lagoon and the celebrated Nauta Design studio, have been brilliantly successful in creating the 450.

ABOVE DECKS

- a steering station on the fly bridge with safe access from both sides for perfect visibility and a large sunbathing area
- a spacious cockpit, again ideal for sunbathing, on the same level as the galley, with a ventilation panel
- a second cockpit, making best use of the forward area
- particularly safe and effective transom platforms for coming aboard or accessing the tender

BELOW DECKS

Interior design by Nauta: elegance and functionality saloon and cabins exceptionally well lit natural light in cabins thanks to large glazed panels on hulls truly luxurious owner's cabins

Comfortable guest cabins with a side access to the double bed "U"-shaped galley for greater comfort at sea, equipped with large hot plates, broad work space and plenty of storage optimization of the access between the cockpit and the galley engine compartments remote from the living areas and perfectly insulated
